

chef Tillie Kerna

Culinary Creator & Epicurean Explorer

Chef Tillie specializes in boutique-style catering, destination events, dinner parties offering 5 to 20 courses, cooking class experiences, and French culinary tours. With her multi-course dinner parties, she focuses on attention to every detail so her clients become guests in their own homes while being able to host an experience that ignites all the senses.

Chef Tillie's passion is food and diving deep into culture behind each plate and recipe she creates. She truly believes if we could gather around a table to break bread, we could solve many of our differences in this world! Carefully curating menus and testing recipes might be her favorite part of the process. Her menus are like an orchestra and the plates are an expression of Chef Tillie's art, where one ingredient plays off the other to create an experience like no other. She only reaches for the best ingredients and tools for both her clients and family to create culinary delights and palate pleasing bites.
